

Eldee Station

Outback NSW

Important points to read before you start a 4WD tag along tour or self-drive tour

- All 4WD tag along and self-drive participants must be licensed and use a road registered 4WD.
- All vehicle must be mechanically sound
- All vehicles must have a UHF radio to check in with the homestead at pre-designated times otherwise failure to make contact will enact an emergency response
- All vehicles must have on board sufficient food and drinking water matched to the activity chosen
- Have rubbish bags on-board to take rubbish back to a suitable disposal point at the homestead
- Stay on established tracks and do not create new tracks unnecessarily
- Drive to suite the conditions and to protect the track, the environment and your vehicle
- Cross creeks at established crossings and be cautious of the depth and speed of water
- Do not use trees as anchor points as the vegetation in the Barrier Ranges is not suitable to take the strain of heavy vehicles. Use an alternative.
- Use existing toilets where possible
- Bury all human waste at least 15 cm under the ground and at least 100m away from the track and campsites
- Take all cigarette butts, food scraps and sanitary items back to the homestead for disposable at a suitable site
- Do not remove or move historical or indigenous artefacts
- Leave rocks, plants and other natural objects as you find them
- Observe wildlife, sheep, cattle and goats from the distance; do not follow them or approach them especially when they are drinking from a trough, dam, creek bed or tank.
- Avoid touching nests or young animals as their parents will abandon them
- Slow down and let wildlife move off tracks
- Leave your pets at home because they can injure our livestock and wild life
- Please read and respect all signage
- Leave gates as you found them
- Do not enter neighbouring station
- Give way to and respect walkers
- **No motorbikes, pets, chainsaws or guns allowed under any circumstances**
